

THE NATION MUST HONOR OUR  
WORKING FAMILY HEROES

**HON. MAJOR R. OWENS**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, July 16, 2003*

Mr. OWENS. Mr. Speaker, the July 10th vote to allow the expenditure of funds to implement radical changes in the overtime provisions of the Wage and Hour Act was an outrageous and devastating attack on working families. Compounding the horror of this action is the recent announcement that our present complement of soldiers in Iraq, ninety percent of whom come from working families, will be forced into combat overtime for the indefinite future. Not even the one year rotation rule of Viet Nam will be applied to relieve their long ordeal under extreme heat and guerrilla warfare duress. Overtime in the dangerous defense of the nation is being mandated without controls while at the same time overtime wages to feed working families is being subjected to new schemes which reduce take-home pay. This is an unacceptable continuation of the gross exploitation and oppression of working families by the Republican's Scrooges who presently dominate the Congress and the White House. This nation faces a tragic predicament: An elite group of juvenile old men have plunged us into a war where great suffering and pain is being inflicted on working families who bear the brunt of the casualties on the front lines as well as the fallout from economic dislocations and recession here at home. It appears that the Republican well-to-do decision makers have great contempt for those who do the dangerous and dirty work for our nation. All Americans must remember the debt we owe to those who risk their last full measure of devotion. Or perhaps the powerful and the rich should go to the front lines first. The RAP poem below is a summary of my indignation on this critical action:

LET THE RICH GO FIRST

Working Families  
Keep your soldiers at home,  
For overtime in Iraq  
No cash  
No comp time  
Not even gratitude,  
Republicans intrude  
To exempt all heroes,  
No combat rotation  
Life on indefinite probation  
Scrooges running the nation.  
To the front lines  
Let the rich go first—  
For blood they got a thirst,  
Let the superstars drink it  
In the glorious trenches;  
Leave the disadvantaged on the benches.  
Working Families  
Let the rich go first:  
The battlegrounds they always choose  
Their estates have the most to lose;  
Send highest IQs to  
Take positions at the front,  
Let them perform their best  
High tech warfare stunt;  
Working Families  
Keep your malnourished sons home—  
Harvard Yale kids should roam  
The world with guns and tanks,  
Reserve gold medals  
For the loyal Ivy League ranks.  
O say you can see  
Millionaire graduates

Dying for you and me?  
Welfare Moms  
Have a message for the masters:  
Tell Uncle Sam  
His TANF pennies he can keep  
For food stamps we refuse to leap  
Through your hoops like beasts;  
Promise to leave our soldier alone  
And we'll find our own feasts.  
To Uncle Sam we offer a bargain—  
Don't throw us dirty crumbs  
Don't treat us like bums  
And then demand  
The full measure of devotion;  
Our minds are now in motion  
Class warfare  
Is not such a bad notion;  
Your swindle will not last  
Recruiters we won't let pass,  
Finally, we opened our eyes—  
Each family is a private enterprise,  
Each child a precious prize;  
We got American property rights,  
Before our children die in war  
This time we'll choose the fights.  
Let the rich go first:  
They worry about  
The overtime we abuse;  
The battlefields they always choose  
Their estates have the most to lose.  
Let the rich go first!

LEGISLATION TO PROHIBIT THE  
FEDERAL GOVERNMENT FROM  
IMPOSING A "CARRY TAX"

**HON. RON PAUL**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 17, 2003*

Mr. PAUL. Mr. Speaker, I rise to protect American liberty, privacy and economic well-being by introducing legislation to prohibit the Federal Government from imposing a "carry tax." A carry tax is a tax imposed on Americans that requires them to pay a tax whenever they make a bank deposit. The amount of the tax is based on how long their money has been in circulation. Hard as it may be to believe, some in the Federal Government have actually considered imposing this tax on American citizens. Since this bill punishes those who rely on cash for the majority of their economic transactions, and since lower income Americans tend to rely on cash for their economic transactions, this is a highly regressive tax plan. Furthermore, since the plan is designed to lower interest rates, it will negatively impact those who rely on investment income for a significant part of their income. Thus, the carry tax will lower the income of millions of senior citizens.

Proposals to punish people if their economic behavior meets with the disapproval of government officials form the foundation of the type of central planning which caused so much misery in the last century. The carry tax proposal is obviously incompatible with a free market. This proposal is also a major threat to personal and financial privacy and thus individual liberty. In order to enforce the carry tax, the government would need a means of monitoring how long each piece of currency has been in circulation and how many hands it passed through before coming into the possession of the person on whom the tax is assessed. Thus, enforcing this tax would also give the government the power to monitor the transactions of individual Americans. The Fed-

eral Government should not abuse the authority granted it by our current monetary system and legal tender laws as a backdoor means of prying into the private economic transactions of American citizens. That is why my legislation also forbids the Federal Government from placing any information storage capacity on any Federal Reserve notes.

The carry tax was proposed as a measure to counteract the perceived risk of deflation. Yet, the problems this carry tax is intended to solve are caused by our government's boom-and-bust monetary policy. Any perceived deflation in the American economy is the result of the end of the inflationary period of the nineties that created the stock market bubble. When the bubble burst, there was the inevitable process of liquidating bad investments caused by the misallocation of credit as a result of the Federal Reserve monetary policy. In fact, this liquidation is necessary for the economy to recover from the economic misallocations caused by the Federal Reserve's monetary policy.

Unfortunately, rather than finally putting an end to the boom-and-bust cycle, most in Washington are preparing to resume the cycle by calling on the Federal Reserve and the Treasury to flood the economy with new money. If Congress is not going to stabilize the American economy by reforming our unstable monetary policy, it should at least refrain from using this government failure as an excuse to further restrict the American people's liberty through an odious carry tax. I therefore hope my colleagues will join me in supporting this legislation.

FOREIGN RELATIONS AUTHORIZATION ACT, FISCAL YEARS 2004 AND 2005

SPEECH OF

**HON. ADAM B. SCHIFF**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, July 15, 2003*

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 1950) to authorize appropriations for the Department of State for the fiscal years 2004 and 2005, to authorize appropriations under the Arms Export Control Act and the Foreign Assistance Act of 1961 for security assistance for fiscal years 2004 and 2005, and for other purposes:

Mr. SCHIFF. Mr. Chairman, I rise today in support of full and continued funding for the United Nations Population Fund, or UNFPA. Since beginning operations in 1969, the UNFPA has provided over \$6 billion in vital maternal and child health programs to women in 150 countries around the world.

This makes the UNFPA the single largest global source of multilateral funding for maternal health and family planning programs. The United States' contribution alone to the UNFPA last year provided approximately 870,000 women in developing countries with modern contraception, thereby preventing 500,000 unwanted pregnancies, 200,000 abortions, and thousands of maternal and child deaths.

The programs supported by UNFPA are both timely and relevant. In the past eight months, UNFPA has delivered modern obstetric care to such locations as Kinshasa, in the
